

Front-End Web Developer

I am a web developer with 5 years of increasingly responsible experience. I write standards-compliant and accessible code that is easy to read and is cross-browser compatible. I've done both freelance and agency work, demonstrating my self-directed and motivated attitude. I work well on a team and thrive on collaboration. I keep scope in check and work attentively with my clients to help them clearly define their objectives. I love making interesting and innovative websites to fit my client's needs, and I strive to grow and learn with every project.

I am rock solid at	I readily accomplish	I know the basics of
<ul style="list-style-type: none"> ✓ HTML5/CSS3 ✓ jQuery/Javascript ✓ Cross-browser compatibility ✓ Responsive ✓ Third-party APIs ✓ MS Visual Studio ✓ Team Foundation Server ✓ Microsoft Office Suite ✓ Interwoven/Teamsite 	<ul style="list-style-type: none"> ✓ XSLT/XML ✓ Analytics ✓ SQL ✓ Adobe Photoshop ✓ Sharepoint ✓ CSP ✓ MSCOM Tools ✓ Bootstrap 	<ul style="list-style-type: none"> ✓ SASS ✓ AJAX ✓ C# ✓ .NET Framework ✓ PHP ✓ Fiddler ✓ MS SQL Server ✓ Drupal

Work Experience

SMITH Aug 2010-Present Seattle, WA

I joined SMITH (previously known as Ascentium) as a Web Production Specialist in August 2010, and have been promoted in two steps to Web Developer 2. I work on awesome websites for Microsoft, Windows, T-Mobile, World Vision, AT&T, Amplify, Microsoft Server Cloud, X-Box, and MasterCard. I update and maintain existing sites, and create brand new experiences.

I play crucial roles in many projects, from Microsoft's holiday campaigns to the Windows Intune platform migration and re-design, which included localizing the site for 36 locales. I was the primary developer for MasterCard's Partners in Prepaid site, and acted as the front-end developer lead for the website of an upcoming X-Box game. I also developed an iteration of the SMITH company website.

Web Office Jun 2009-Jun 2010 Ellensburg, WA

Senior Student Developer in the Central Washington University web office. Updated and created new pages for the school website. Constructed and updated the twice-monthly bulletin, implemented a new design for President's site, filled in for the webmaster when he was out of the office, and trained department staff to edit the site and maintain ADA compliance. This included a summer internship.

Freelance Experience

National Waterways Nov 2010-Present Kirkland, WA

Re-designed and created a new website within a template so they can maintain their site independently with ease. Consulting to help streamline the content on the site to be concise and easily digestible.

ASWA - Bellevue Chapter Jun 2008-Jun 2010 Bellevue, WA

Served on the Board of Directors as Web Developer for 2 years. Re-designed the website, and completed regular updates and maintenance (<http://www.aswabellevue.org>).

Education

Central Washington University Sep 2005-Jun 2010 Ellensburg, WA

BS in Information Technology and Administrative Management - Cum Laude

Specialization: Web and Database Administration and Management
